

CIGAR CITY BREWING®

ABV 6.4% | IBU 43

SRM 15 | OG 14

AVAILABLE
Limited Release

INGREDIENTS
Tangerine, Kiwi, and
Guava

BEER DESCRIPTION

This is a truly original collaboration between the National Pediatric Cancer Foundation and participating breweries, with proceeds to benefit children who are battling cancer. The NPCF funds collaborative research in hospitals across the nation to fast-track less toxic, more targeted treatments that are saving many children's lives. So raise a brew and enjoy, because every beer helps raise money and raise hope for these courageous kids.

TASTING NOTES

Tropical fruits abound on the nose of this fruited IPA, with tangerine, kiwi and guava figuring prominently. Full on the palate but never heavy, orange peel, tangelo and passionfruit flavors are balanced by a moderate bitterness, a bread-like malt flavor and vibrant carbonation.
